

Valcambi at International Conference of the Great Lakes Region in Kenya

Valcambi participated in a gold expert meeting organised by the International Conference of the Great Lakes Region (ICGLR) that took place mid-September in Nairobi, Kenya. Attended by 70 gold experts including ministry of mines representatives from the 12 countries of the Great Lakes Region, the 2-day workshop focused on the development of the ICGLR due diligence strategy for ASM gold. Valcambi shared its commitment to ASM, and outlined its approach to due diligence and criteria for sourcing from ASM. This provided great insight and guided the discussions.
