

GOLD TO BE PROUD OF

We at the Alliance for Responsible Mining (ARM) are excited about working together to support Fairmined certified mining organizations. We are proud to have you in a growing movement of miners, support organizations and market players working together towards the positive transformation of the artisanal and small-scale gold mining sector globally.

Every authorized supplier and licensee in the Fairmined system has a unique Fairmined ID that enables the traceability of transactions in the Fairmined Information System. The Fairmined ID number has to be used for all Fairmined transactions.
